Grades and Attendance

Use this page to view your grades and attendance for the current term.

How to View Grades and Attendance

On the main menu, click **Grades and Attendance**. The **Grades and Attendance** page appears, anything in **blue** is *"clickable"* and leads to more information. If the teacher extends their grade average to two decimal places, you will see a rounded whole number listed on top and the grade with decimal places on the bottom.

View Attendance

On the **Grades and Attendance** screen, attendance is displayed as summary information and is also displayed as detailed attendance for two weeks.

NOTE: The official attendance period is Homeroom in grades K-8 and Block 1 in grades 9-12. All attendance is entered in this official attendance period and then the appropriate attendance codes are moved to the correct times on your schedule.

For example: If you are excused at 1:30, the attendance code EDM (early dismissal) will be entered in the homeroom or Block 1 class and also in the correct class period to inform the your teachers that you will be dismissed early. A period in the attendance block indicates that the class does not meet that day.

View Dates of Attendance

To view specific dates, click on either the number in the **Absences** column or the number in the summary section. The **Attendance by Day** screen will appear. This screen contains a detailed listing of your attendance record. **Attendance History**
