Directions: Please watch the following video and read Working with Wood Tools Marking and Measuring for review. https://www.youtube.com/watch?v=cDcrs0btn6Q&t=5s After you are done watching the video and reading the article please write me a short essay on the things you saw and read that will help you to finish your wood working project at school that you already started when school resumes. When I say essay, use that term loosely and just write we a good paragraph or two until you get your points across.
