We set up these accounts a while ago. You should have saved your login and password. If you cannot get logged in contact me through remind and I will reset it.

The teacher code is 347DMDCFH7QF if it you need to enter it again. Remember that you each have your own individual code also. If you can’t remember it or forgot to write it down, contact me and I will send it to you.

Each module has a set amount of time you need to spend interacting with it before you can take the quiz at the end. You may retake the quiz as many times as you would like. These quiz grades will not be counted in your overall grade.

The final assessment will be used as a test grade and must be passed in order to receive your certification. This test can be taken 3 times, but I must reset it for you each time. You can only take this test when you are finished with all 10 modules.

If you have not taken the pretest, please take that first, then you can skip around to any of the other modules. Make sure you are taking notes so you can use them on the final assessment. Please plan on doing one module a day.

If you have any questions you can email me or send me a message through remind.
