Hello!!

This week you are going to practice finding the GCF (greatest common factor) of 2 numbers.

Or

You can complete online practice at [www.studyladder.com](http://www.studyladder.com) You will need to email me to get your individual username and password. You do not have to sign up for anything. I have already set up a classroom account.

Don’t forget about estimation180.

FYI: 16 oz. = 1 pound (lb.)

**Estimation Day 119**

**Estimation Day 120**

**Estimation Day 121**
