MATH – Mrs. Seidita

Weeks of March 30th and April 6th

- On the last Friday before school close, I sent home yellow envelopes with a multitude of worksheets that review skills already taught in my classroom. Students are encouraged to work through these at their own pace.
- Students are encouraged to practice their multiplication facts daily.
- I also included approximately several math websites the students can use at home. We went over how to use these sites prior to dismissal on that Friday. They include:
  - [www.mathplayground.com](http://www.mathplayground.com)
  - [www.hoodamath.com](http://www.hoodamath.com)
  - [www.coolmath.com](http://www.coolmath.com)
  - [www.splashlearn.com](http://www.splashlearn.com)
