Dear Parents/Guardians:

The Wallenpaupack Area School District received information that one staff member from the North Primary School, two students from the South Elementary School, one student at the High School, and one student at the North Intermediate School tested positive for Covid-19, which resulted in the identification of close contacts. The District has taken precautionary measures to notify students and staff who had close contact with the Covid-positive individuals to ensure appropriate quarantining timelines.

Students who are identified as close contacts will receive information specific to accessing and completing their classwork and assignments while quarantined. We will continue to use Schoology as our Learning Management System (LMS). If you should have questions regarding your child’s educational needs while in quarantine, please contact your child’s building administrator.

Sincerely,

Keith E. Gunuskey, Superintendent
Pandemic Coordinator
