VOLUNTEER

Our organization depends on volunteer parent coaches to support league play. New coaches are not required to have sport-specific knowledge and can attend a coach's orientation and clinic prior to the beginning of the season. Please consider volunteering as a coach or an assistant coach, team parent or even an umpire. It is a rewarding experience for you and for the kids!

Evaluations are used to determine the ability of your child. A child may be placed in higher or lower division depending on their skills.
