I'm approved! Now what?

FAQs

- ▶ **Notes & File Attachments** - Teachers may leave notes and/or files (lesson plans, seating charts, classroom rules, etc.) for their substitute teacher. When a teacher leaves notes/files, the substitute teacher will receive a notification that there are notes associated with the absence when accepting a job via the phone, and they will see a paperclip icon signifying there are files associated with the absence when accepting jobs via the web.
- ▶ **Snow Days** - On Snow Days, Aesop will contact any subs that were scheduled to report on that day. However, as a back up, it is recommended that substitutes tune into the news/radio, or check the school website www.wallenpaupack.org for school closings due to inclement weather.
- ▶ **Late Starts/Early Dismissals** - **Aesop does not presently have the late starts/early dismissal functionality, nor the ability to notify subs in the event of a late start or early dismissal.** It is the responsibility of the substitute to tune into the news/radio, or check the district website for information on late starts/early dismissals.
