**September 2020**

Welcome back for the start of the 2020-2021 school year. I am extremely excited to have many of our students and staff back in the building to start the year! Although some students will be learning remotely, I look forward to working each one of them to help ensure a successful 2020-2021 school year. The 2019-2020 school year was extremely challenging for many of us. However, we were able to overcome the many obstacles that were placed in front of us, and we were able to persevere and experience academic growth and achievement.

I continue to welcome and appreciate the opportunity to work together to provide our students with positive academic experiences. The staff at Wallenpaupack Area High School remains committed to ensuring that all students experience academic success. As a school community, we maintain high levels of expectations for students while recognizing and addressing the individuality and uniqueness of each student.

I invite you to join us in creating an environment that will promote respect, personal responsibility, positive character, academic achievement, and overall success. Our staff will work diligently to provide clear and continuous communication between the school and the home so families can stay informed and involved in their students' educational journey.

In addition to academics, there are a variety of athletic teams and after school activities that are offered at Wallenpaupack Area High School. We encourage each student to get involved in a sport or club to enhance their experience at WAHS.

Good luck during this upcoming school year!

Sincerely,

Travis Ey

Assistant Principal
