August 2021

Welcome back for the start of the 2021-2022 school year. I am extremely excited to have all our students and staff back in the high school to start the year! The 2021-2022 school year was extremely challenging for all of us. However, we were able to overcome the many obstacles that were placed in front of us, and we were able to persevere and experience academic growth and achievement in a safe and healthy environment.

I continue to welcome and appreciate the opportunity to work together to provide our students with positive academic experiences. Our Academies and Pathway model at WAHS provide students with opportunities to explore careers and take academic courses that will prepare them for their future. It is our hope to continue to work with our community to provide our students real world experiences that will help guide them to determine their career path. The staff at Wallenpaupack Area High School remains committed to ensuring that all students experience academic success. As a school community, we maintain high levels of expectations for students while recognizing and addressing the individuality and uniqueness of each student.

I invite you to join us in creating an environment that will promote respect, personal responsibility, positive character, academic achievement, and overall success. Our staff will work diligently to provide clear and continuous communication between the school and the home so families can stay informed and involved in their students' educational journey.

In addition to academics, there are a variety of athletic teams and after school activities that are offered at Wallenpaupack Area High School. We encourage each student to get involved in a sport or after school activity to enhance their experience at WAHS.

Good luck during this upcoming school year!

Sincerely,

Travis Ey
Assistant Principal
