Denise Morgan

August 2018

Welcome back for the start of the 2018-2019 school year! It is my pleasure to again serve the district as one of the high school assistant principals.

Once again, the goal of the high school discipline office is to prepare our students for a challenging future. This is done by creating an environment where all students have an opportunity to engage in a rigorous academic curriculum, while also having the opportunity to take advantage of many co-curricular activities. The discipline office is committed to working with all students in order to create an optimal learning environment, and to prepare everyone to be productive contributing members of society.

As a school community, it is of vital importance that we all work together to prepare our children for a challenging 21st century workplace. Communication is an essential component that is necessary to bridge the gap between school and home. Please understand that I am always available to discuss your concerns and answer your questions. I look forward to working with you to help our students achieve academic success, social success, and a sense of responsibility that prepares them for the adult phase of their lives.

Lastly, I would suggest that all students take advantage of at least one extra-curricular activity. Wallenpaupack Area High School offers a variety of PIAA sanctioned athletic teams, as well as various clubs and other activities. These activities are offered to keep our students involved in all aspects of the school experience.

Good luck in the upcoming school year!

Sincerely,

Kevin E. Kromko  
Assistant Principal
